

SUBJECT: STAFF CARRIER TRUCK mounted on ASTRA HD9 4x4

General features of the Bus unit:

- nr. 49/50 seats in the bus body (configuration: 2+2 seats on every row, or 3+2 seats on every row);
- compliance to Directive 2001/85/EC (Special provisions for vehicles used for the carriage of passengers comprising more than eight seats in addition to the driver's seat)
- compliance to UNECE Regulation nr. 66 (uniform technical prescriptions concerning the approval of large passenger vehicles with regard to the strenght of their superstructure)
- High active and passive safety: the structure built with highly resistant steel components contributes to stiffen the chassis substantially while the roof with large interlocking knots guarantees high resistance to overturning;
- Extra heavy duty framework: structure made in stainless steel (excellent resistance to corrosion);
- External cladding in aluminium alloy (Peraluman 30/10);
- Roof and internal cladding in metal sheet of galvanized steel;
- Thermal and acoustics insulation of the roof and side panels with sound absorbing and thermal insulating material;
- standard white colour (custom painting available);
- nr. 2 entrance doors, manually operated;
- nr. 1 manual roof hatch;
- Single glazing with tempered safety glass;
- marine plywood floor with rubber bubble coating;
- High backed seats with headrests and 3 points seatbelts;
- brightness led ceiling lights;
- spare wheel fixed under chassis, with winch;
- Dry powder Fire Extinguisher + First aid set;
- Air conditioning system composed by 1x Valeo TM31 compressor, 1x 16 kW roof top condenser unit (air flow 5000 mc/h), 2x9,0 kW long run internal evaporators in front and in back of the bus unit (direct Air flow 1800 mc/h).

Extra Fitments (on request):

- Pneumatic drive of the entrance door
- 11 kW Heating
- Double glazing with tempered safety glass
- High visibility version with double rear led lights + flashing Unit
- Rear view camera
- Rx-Tx 2 way Radio (Motorola)
- Radio CD with speakers, in the bus unit
- Overhead open luggage racks

- Rear luggage compartment
- Extra Manual roof hatch
- Floor protected by aluminium chequer plate
- ROPS FOPS compliance (ISO 3471 - ROPS / ISO 3449 - FOPS) ***

*** ROPS FOPS compliance (ISO 3471 - ROPS / ISO 3449 - FOPS):

The indicated price includes a certified protections structure for the driver cabin (Defender), and reinforcement and upgrading of the entire bus structure for ROPS FOPS compliance.
